1. SCOPE OF THIS AGREEMENT

This Agreement defines the responsibilities and financial commitments of PARTIES with respect to PROJECT.

2. SCOPE OF PROJECT

3. PUBLIC NECESSITY

PARTIES agree that the work performed pursuant to this Agreement is necessary for the health, safety, comfort, convenience, and welfare of all the people of the State, and is of particular benefit to the inhabitants of DISTRICT and the property therein.

4. PROJECT COSTS AND ALLOCATION OF COSTS

- A. PARTIES agree that for the purposes of this Agreement PROJECT costs shall consist of and be limited to the following:
  - 1. Final design services;
  - 2. Delineation, description and acquisition of required rights-of-way/easements;
  - 3. Construction of improvements;
  - 4. Contingencies mutually agreeable to PARTIES.

	<u>Percentage Share</u>	<u>Maximum Contribution</u>
DISTRICT	50.00%	\$50,000
CITY	50.00%	50,000
TOTAL	100.00%	\$100,000

5. MANAGEMENT OF FINANCES

As set forth in DISTRICT policy (Resolution No. 11, Series of 1973, Resolution No. 49, Series of 1977, and Resolution No. 37, Series of 2009), the funding of a local body's one-half share may come from its own revenue sources or from funds received from state, federal or other sources of funding without limitation and without prior Board approval.

Payment of each party's full share (CITY - \$50,000; DISTRICT - \$50,000) shall be made to DISTRICT subsequent to execution of this Agreement and within 30 days of request for payment by DISTRICT. The payments by PARTIES shall be held by DISTRICT in a special fund to pay for increments of PROJECT as authorized by PARTIES, and as defined herein. DISTRICT shall provide a periodic accounting of PROJECT funds as well as a periodic notification to CITY of any unpaid obligations. Any interest earned by the monies contributed by PARTIES shall be accrued to the special fund established by DISTRICT for PROJECT and such interest shall be used only for PROJECT upon approval by the contracting officers (Paragraph 13).

Within one year of completion of PROJECT if there are monies including interest earned remaining which are not committed, obligated, or disbursed, each party shall receive a share of such monies, which shares shall be computed as were the original shares.

6. FINAL DESIGN

The contracting officers for PARTIES, as defined under Paragraph 13 of this Agreement, shall select an engineer mutually agreeable to both PARTIES. DISTRICT shall contract with selected engineer and shall supervise and coordinate the final design including right-of-way delineation subject to approval of the contracting officer for CITY. Payment for final design services shall be made by DISTRICT as the work progresses from the PROJECT fund established as set forth above.

Final design services shall consist of, but not be limited to, the following:

- A. Preparation of a work plan schedule identifying the timing of major elements in the design;
- B. Delineation of required right-of-way/easements;
- C. Preparation of detailed construction plans and specifications;
- D. Preparation of an estimate of probable construction costs of the work covered by the plans and specifications;
- E. Preparation of an appropriate construction schedule.

DISTRICT shall provide any written work product by the engineer to CITY.

7. RIGHT-OF-WAY

CITY, with DISTRICT assistance, shall be responsible for acquiring, subject to approval of DISTRICT, such land or interests in land needed to implement construction of the drainage and flood control improvements as defined herein. The cost to be shared by PARTIES for right-of-way acquisition may include relocation costs of existing occupants. Appraisal costs and costs associated with condemnation (including outside legal costs) will also be considered a PROJECT cost. Right-of-way acquisition by negotiation and / or the exercise of eminent domain shall be in

full compliance with the laws of the State of Colorado. In addition, the right-of-way acquired shall be in the name of CITY and the conveyancing document shall be promptly recorded in the records of the Clerk and Recorder of CITY. DISTRICT shall serve as the paying agency.

- A. Coordination of Right-of-Way Acquisition. Cost sharing by PARTIES will be based on supporting documentation such as formal appraisals, reasonable relocation cost settlements, legal description of the property, and other information deemed appropriate to the acquisition. Furthermore, cost sharing will be only for the properties, or portions thereof, approved by PARTIES to be needed for the drainage and flood control portions of PROJECT. Request for such approval shall include appraisals of property, legal description of the property, and other information deemed appropriate to the acquisition by PARTIES to this Agreement. CITY shall purchase the right-of-way only after receiving prior approval of DISTRICT, and such purchases shall be made with PROJECT funds.
- B. Payment for Right-of-Way Acquisition. Following purchase or receipt of executed memorandum of agreement between CITY and property owner for the needed right-of-way that commits the property owner to sell property to CITY at a price certain and on a date certain, CITY shall so advise DISTRICT and request payment as provided above. DISTRICT shall make payment within 30 days of receipt of request accompanied by the information set forth above.
- C. Ownership of Property and Limitation of Use. CITY shall own the property either in fee or non-revocable easement and shall be responsible for same. It is specifically understood that the right-of-way is being used for drainage and flood control purposes. The properties upon which PROJECT is constructed shall not be used for any purpose that will diminish or preclude its use for drainage and flood control purposes. CITY may not dispose of or change the use of the properties without approval of DISTRICT. If, in the future, CITY disposes of any portion of or all of the properties acquired upon which PROJECT is constructed pursuant to this Agreement; changes the use of any portion or all of the properties upon which PROJECT is constructed pursuant to this Agreement; or modifies any of the improvements located on any portion of the properties upon which PROJECT is constructed pursuant to this Agreement; and CITY has not obtained the written approval of DISTRICT prior to such action, CITY shall take any and all action necessary to reverse said unauthorized activity and return the properties and improvements thereon, acquired and constructed pursuant to this Agreement, to the ownership and condition they were in immediately prior to the unauthorized activity at CITY's sole expense. In the event CITY breaches the terms and provisions of this Paragraph 7.C and does not voluntarily cure as set forth above, DISTRICT shall have the right to pursue a claim against CITY for specific performance of this portion of the Agreement.
- DISTRICT may, subsequent to the recording by CITY of any document transferring title or another interest to property acquired pursuant to this Agreement to CITY, record a

memorandum of this Agreement (Exhibit B), specifically a verbatim transcript of Paragraph 7.C. Ownership of Property and Limitation of Use except for this sub-paragraph which shall not be contained in the memorandum. The memorandum shall reference by legal description the property being acquired by CITY and shall be recorded in the records of the Clerk and Recorder of Jefferson County immediately following the recording of the document transferring title or another interest to CITY. CITY authorizes the recording of that memorandum and acknowledges that the same is meant to encumber the property with its restrictions.

8. MANAGEMENT OF CONSTRUCTION

A. Costs. Construction costs shall consist of those costs as incurred by the lowest acceptable bidder(s) including detour costs, licenses and permits, utility relocations, and construction related engineering services as defined in Paragraph 4 of this Agreement.

B. Construction Management and Payment

1. DISTRICT, with the assistance of CITY, shall administer and coordinate the construction-related work as provided herein.
2. DISTRICT, with assistance and approval of CITY, shall advertise for construction bids; conduct a bid opening; prepare construction contract documents; and award construction contract(s).
3. DISTRICT shall require the contractor to provide adequate liability insurance that includes CITY. The contractor shall be required to indemnify CITY. Copies of the insurance coverage shall be provided to CITY.
4. DISTRICT, with assistance of CITY, shall coordinate field surveying; staking; inspection; testing; acquisition of right-of-way; and engineering as required to construct PROJECT. DISTRICT, with assistance of CITY, shall assure that construction is performed in accordance with the construction contract documents including approved plans and specifications and shall accurately record the quantities and costs relative thereto. Copies of all inspection reports shall be furnished to CITY on a weekly basis. DISTRICT shall retain an engineer to perform all or a part of these duties.
5. DISTRICT, with approval of CITY, shall contract with and provide the services of the design engineer for basic engineering construction services to include addendum preparation; survey control points; explanatory sketches; revisions of contract plans; shop drawing review; as-built plans; weekly inspection of work; and final inspection.
6. PARTIES shall have access to the site during construction at all times to observe the progress of work and conformance to construction contract documents including plans and specifications.

7. DISTRICT shall review and approve contractor billings and send them to CITY for approval. DISTRICT shall remit payment to contractor based on billings approved by PARTIES.
  8. DISTRICT, with assistance and written concurrence by CITY, shall prepare and issue all written change or work orders to the contract documents.
  9. PARTIES shall jointly conduct a final inspection and accept or reject the completed PROJECT in accordance with the contract documents.
  10. DISTRICT shall provide CITY a set of reproducible "as-built" plans.
- C. Construction Change Orders. In the event that it becomes necessary and advisable to change the scope or detail of the work to be performed under the contract(s), such changes shall be rejected or approved in writing by the contracting officers. No change orders shall be approved that increase the costs beyond the funds available in the PROJECT fund, including interest earned on those funds, unless and until the additional funds needed to pay for the added costs are committed by all PARTIES.

9. MAINTENANCE

PARTIES agree that CITY shall own and be responsible for maintenance of the completed and accepted PROJECT. PARTIES further agree that DISTRICT, at CITY's request, shall assist CITY with the maintenance of all facilities constructed or modified by virtue of this Agreement to the extent possible depending on availability of DISTRICT funds. Such maintenance assistance shall be limited to drainage and flood control features of PROJECT. Maintenance assistance may include activities such as keeping flow areas free and clear of debris and silt, keeping culverts free of debris and sediment, repairing drainage and flood control structures such as drop structures and energy dissipaters, and clean-up measures after periods of heavy runoff. The specific nature of the maintenance assistance shall be set forth in a memorandum of understanding from DISTRICT to CITY, upon acceptance of DISTRICT's annual Maintenance Work Program.

DISTRICT shall have right-of-access to right-of-way and storm drainage improvements at all times for observation of flood control facility conditions and for maintenance when funds are available.

10. FLOODPLAIN REGULATION

CITY agrees to regulate and control the floodplain of West Fork Kenneys Run within CITY in the manner prescribed by the National Flood Insurance Program and prescribed regulations thereto as a minimum.

PARTIES understand and agree, however, that CITY cannot obligate itself by contract to exercise its police powers. If CITY fails to regulate the floodplain of West Fork Kenneys within CITY in the manner prescribed by the National Flood Insurance Program and prescribed regulations thereto as a minimum, DISTRICT may exercise its power to do so and CITY shall cooperate fully.

11. TERM OF AGREEMENT

The term of this Agreement shall commence upon final execution by all PARTIES and shall terminate three (3) years after the final payment is made to the construction contractor and the final

Each representative shall coordinate all PROJECT-related issues between PARTIES, shall attend all progress meetings, and shall be responsible for providing all available PROJECT-related file information to the engineer upon request by DISTRICT or CITY. Said representatives shall have the authority for all approvals, authorizations, notices or concurrences required under this Agreement or any amendments or addenda to this Agreement.
